

Fashion Tips for the Plus Size Woman

From www.fashion-411.com

Keys to a Sleek Silhouette

- Opt for a monochromatic outfit where your top and skirt or trousers are the same color or hue.
- Elongate the neck with open necklines such as v-necks, sweetheart necklines and vertical cowl necks.
- Oblong scarves are a great accessory when tied loosely around the neck, creating a long, vertical line.
- Match pantyhose hue to skirt or pant and shoe color to create a slender silhouette.
- Avoid chokers, long necklaces or pendants are more slimming.
- Wear blazers or cardigans long and unbuttoned for maximum vertical lines.
- Choose shoes with at least a 1 inch heel -- the taller the better.
